

GLUE SPREADER ACU-PUR

ACU-PUR is the highest precision roller coater for the application of liquid polyurethanes adhesives and polyols.

Standard configuration

- Top side glue application
- Independent motor on each roller
- Exclusive controlled pneumatic glue sealing system
- Adhesive temperature conditioned and controlled
- Data monitoring and diagnostic with digital display
- Motorized thickness adjustment
- Safety opening among rollers

Main options

- Double side spreading
- Automatic glue dosing
- "Active" glue distribution
- Programmed glue application
- Remote servicing / communication devices
- Glue Feeding and Conditioning devices
- Wheels for displacement

Added value

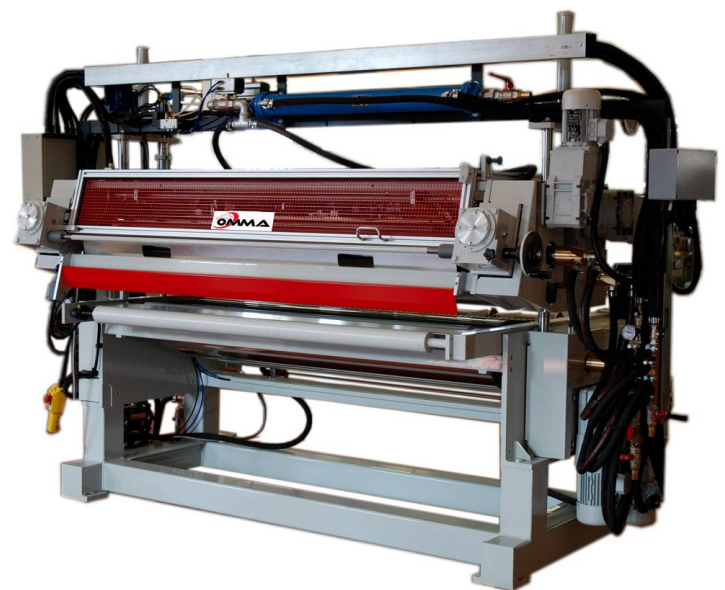

- High precision glue application
- Designed to work continuously 24/24h
- Heavy duty construction
- Highest safety cleaning

Thickness

Up to 150 mm

Width

1,600 mm
1,900 mm
2,100 mm

Other options available on request.

Ultimate coating technology
